

Refreshment for the weary

- As I seek to spend much time in fellowship with Christ,
- he will be able to fill me up to the brim with His love and assurance,
- so that I can be a blessing to my wife and children with the same attention to their needs that Christ has shown to me
- so that we (my family) can become a blessing for those around us (church, friends, relatives, co-workers,)
- so that we (all who love the Lord among these people I know) will be able to pour out blessing into the world around us, near and far beginning with our neighbours and those in our workplaces.

With greetings from your brother in Christ,
